EDUCATION

Bachelor of Technology, Information Technology

Manipal University Jaipur

05/2017 - 07/2021

7.63 GPA

Courses

- Data structures and algorithms
- Machine learning
- Python
- Computer networks

SKILLS

Typescript

Serverless

NodeJS

ReactJS

GraphQL

REST

Elastic search

DynamoDB

MongoDB

Javascript

Python

PERSONAL PROJECTS

Classification of dementia using brain MRI scans and Machine learning (01/2020 - 04/2020)

- We were able to detect early signs of dementia with more than **90%** accuracy.
- Used **OpenCV** to extract detailed information from brain mri scans, which were then used to form a rich data set for machine learning process.

ACHIEVEMENTS

Received rising star award for exemplary performance at work, in Vamstar. (05/2022)
